## Product Description

### Professional 8-Inch Touchscreen Beauty Machine / Home Beauty Machine For Salon And Home Use

#### Product Description:

The Hair Removal Laser Machine comes with 5 different treatment heads, each of which is specially designed to target different areas of the body. Whether you're looking to remove hair from your legs, arms, underarms, or bikini area, this machine has you covered.

With an adjustable spot diameter of 6mm-14mm, the Hair Removal Laser Machine is incredibly versatile. This means that you can use it to target both large and small areas of the body, depending on your needs.

In addition to its hair removal capabilities, the Hair Removal Laser Machine also functions as a Hydrafacial Beauty Machine. This means that it can be used to exfoliate, cleanse, and hydrate the skin, leaving you with a fresh and glowing complexion.

The Hair Removal Laser Machine is also incredibly safe and effective. It features 3 laser bar numbers, including 3\*755nm, 4\*808nm, and 3\*1064nm, which work together to target hair follicles and prevent regrowth. This means that you can achieve long-lasting results with minimal discomfort.

Overall, the Hair Removal Laser Machine is an excellent choice for anyone who is looking for a powerful and effective beauty machine. Whether you're a beauty salon owner, a spa owner, or simply someone who wants to enjoy the benefits of professional-grade beauty treatments at home, this machine is the perfect choice.

#### Features:

Product Name: Laser Beauty Machine

Usage: Beauty Salon, Spa, Home

Style: Portable

Spot Diameter: 6mm-14mm Adjustable

Application: For Commercial

#### Applications:

One of the most popular applications of this device is in the treatment of acne and acne scars. The Fractional Co2 Laser technology can penetrate deep into the skin to stimulate collagen production and reduce the appearance of acne scars. This makes it an ideal tool for anyone struggling with acne or acne scarring.

Another great use for this device is in the removal of fine lines and wrinkles. The Co2 Laser technology can help to smooth out the skin and reduce the appearance of wrinkles, giving you a more youthful appearance. This makes it a great option for anyone looking to turn back the clock on their skin.

The Fractional Co2 Laser Beauty Machine can also be used for laser hair removal, making it a great home laser hair removal machine. With its pulse width of 0.02~0.99s, it can effectively remove hair without damaging the skin. This makes it a great option for anyone looking for a convenient and effective way to remove unwanted hair from the comfort of their own home.

Finally, this device can also be used for the treatment of scars and stretch marks. The Co2 Laser technology can help to reduce the appearance of scars and stretch marks, making it a great option for anyone looking to improve the appearance of their skin.

In conclusion, the Fractional Co2 Laser Beauty Machine is a versatile and effective beauty device that can be used in a variety of occasions and scenarios. Whether you are struggling with acne, fine lines and wrinkles, unwanted hair, or scars and stretch marks, this device can help you achieve the beautiful, flawless skin you have always wanted. So why not invest in a Co2 Laser Beauty Machine today and start enjoying all the benefits it has to offer?
