

Non Invasive Focus Ultrasound HIFU Machine Boday Face Lift Skin Tightening Beauty Device

Our Product Introduction

Basic Information

- Place of Origin: Guangzhou, China
- Brand Name: other
- Certification: CE
- Model Number: hifu-3
- Minimum Order Quantity: 1 Sets
- Price: Discussible
- Packaging Details: Regular Packaging
- Delivery Time: 5-8 working Days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 pieces/month

Product Specification

- Material: ABS
- Name: Ultrasound HIFU Machine
- Spacing: 1.0-10mm(0.5mm/step)
- Input Voltage: AC100V-240V
- Size: Portable
- Energy Output: 0.1J-2.5J (0.1J/step)
- Working Mode: Simultaneous / Independent Control
- Suitable Skin Types: All
- Scope: 5.0mm-25mm
- Highlight: Non Invasive Focus Ultrasound HIFU Machine, CE Skin Tightening Beauty Device, HIFU Face Lifting Beauty Device

Product Description

Non Invasive Focus Ultrasound HIFU Machine Boday Face Lift Skin Tightening Beauty Device

Features:

Product Name: HIFU Beauty Machine

Supplier Info: Manufactueruer

Energy Output: 0.1J-2.5J (0.1J/step)

Body Type: Vertical

Material: ABS

Specification: Packing , 64 X 81 X 131 Cm

This HIFU Beauty Machine is a powerful product that can help you achieve a younger-looking face. It is also known as a Hifu Ultrasound Facelift Machine or Home Beauty Machine. The 3D HIFU Machine features energy output of 0.1J-2.5J (0.1J/step) and has a vertical body type made of ABS material. The specifications include packing at 64 X 81 X 131 Cm.

HOW TO LIFT AND TIGHTEN SKIN WITHOUT SURGERY? 5D HIFU, THAT'S HOW.

5D HIFU non-invasive procedure that lifts the neck, chin and brow, and improves lines and wrinkles on the upper chest. Through the ultrasound imaging with Ultrasound energy is delivered precisely to the place where it will benefit you most—for natural-looking results that improve over time.

NATURAL-LOOKING AND NOTICEABLE

The proven results of 5D HIFU are clear, appearing over two to three months as new collagen works to lift skin on the neck, chin, and brow—as well as smooth skin on the upper chest. Results may improve over the following three to six months, and can last a year or more.

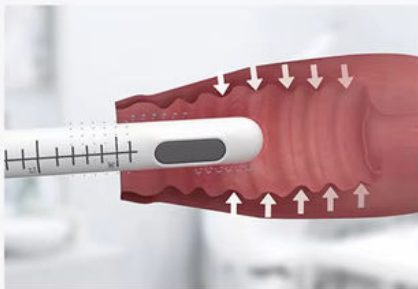

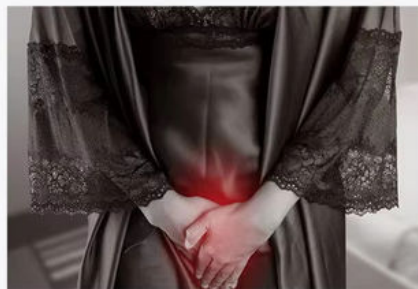

HOW MANY TREATMENTS DOES IT TAKE?

The majority of patients only need one treatment; however, some may benefit from more than one treatment, depending on how much skin laxity they have and their body's own biological response to the ultrasound and the collagen-building process. Follow-up HIFU treatments each year may help maintain results.

WHY WE NEED TO DO VAGINAL TIGHTENING?

REASON

As you age there is a natural loss of collagen and muscle tone. This may be experienced as a decrease in firmness of the vaginal tissue/canal. Childbirth can result in vaginal laxity or scarring, resulting in a larger vaginal opening. Strenuous exercise can lead to a weakening of the pelvic floor support muscles. Naturally decreasing levels of estrogen can lead to thinning and dryness of the vaginal skin. Ultimately this can result in a lack of bladder support and leakage of urine with exercise, coughing, laughing, or sneezing.

BENEFITS OF 5D HIFU 360° VAGINAL TREATMENT HANDLE:

- Increases Vaginal blood flow and lubrication
- Improves Symptoms of Stress and Urge Incontinence
- Improves pelvic floor strength and tone
- Enhances sexual arousal and orgasm
- Improves Aesthetic Appearance of External Genital Tissue

Technical Parameters:

Technical Parameters Details Spacing 1.0-10mm(0.5mm/step) Length 5.0 - 25mm (1.0mm / Step) Input Voltage

Applications:

The other hifu-3 3D HIFU Machine is a highly advanced beauty device that is designed to help individuals achieve better skin health by delivering high-intensity focused ultrasound energy to the skin. The machine is manufactured in Guangzhou, China, by a trusted and certified supplier that adheres to the highest manufacturing standards.

The HIFU Beauty Machine is a versatile product that can be used in various skin treatment scenarios, including:

Anti-aging

Wrinkle reduction

Skin tightening

Facial contouring

Lifting and firming

Hydrafacial Beauty Machine

The device can be used on all skin types, making it an excellent option for individuals who want to improve their skin's texture and appearance. The HIFU energy type is highly effective in stimulating collagen production, which can help to reduce the appearance of fine lines and wrinkles. With a minimum order quantity of 1 set, customers can discuss the price and packaging details with the supplier.

The other hifu-3 3D HIFU Machine is a vertical body type machine and can deliver up to 300,000 shots (IPL) before requiring replacement. The product is CE certified, and the manufacturer can supply up to 10,000 pieces per month. The delivery time is between 5 to 8 working days, and customers can make payments via L/C or T/T.

In conclusion, the other hifu-3 3D HIFU Machine is an outstanding product that can help users achieve better skin health. With its advanced HIFU technology, the device can deliver excellent results in various skin treatment scenarios, including anti-aging, wrinkle reduction, and skin tightening. The product is manufactured by a trusted supplier that adheres to the highest manufacturing standards, making it a safe and reliable option for individuals looking to improve their skin's appearance.
